

Government of the People's Republic of Bangladesh  
Ministry of Food and Disaster Management

**Our Mission**

Welcome to the home page of the Ministry of Food and Disaster Management (MoFDM) of the Government of the People's Republic of Bangladesh. Bangladesh is a country with a small land area and a huge population, and, also, she faces natural, environmental and human induced disasters almost every year. Under these circumstances, the role of this Ministry is of utmost importance.

MoFDM is dedicated in promoting food security, providing necessary assistance and support of food and relief to the vulnerable groups of people, as well as in achieving a shift in disaster management strategies from conventional response and recovery to a more comprehensive risk reduction culture.

Therefore, our mission is to promote food security and to achieve a paradigm shift in national disaster management strategies from conventional response and recovery to a more comprehensive risk reduction culture.

In achieving this, MoFDM works and will work as an innovative, integrated Ministry so that, we maximize coordination, planning and the use of resources for the most effective programmes and services to benefit the communities of Bangladesh- this is our objective.

This web site provides updated information about various functional aspects of this Ministry. A significant role to this end is performed through different departments/organizations of the Ministry. Accordingly, the modus operandi of these units may also be accessed.

We always appreciate and value your comments, suggestions, guidelines etc. for improving upon the quality of the work we are entrusted with. Please keep in touch and provide your thoughts through e-mail. We assure you of our highest considerations.
